Incorporating *European Journal of Surgery* and *Swiss Surgery*

The Journal is specially related to the Association of Surgeons of Great Britain and Ireland, Society of Academic and Research Surgery, Spanish Society of Surgical Research, Swedish Surgical Society and Swiss Society of Surgery, and is the official journal of the European Society for Surgical Research.

**Editorial Team**

**Editors-in-Chief**
- D. Alderson, Birmingham, UK
- J. J. Earnshaw, Gloucester, UK

**Editors**
- J. Beynon, Swansea, UK
- C. H. C. Dejong, Maastricht, The Netherlands
- K. Søreide, Stavanger, Norway
- M. Sund, Umeå, Sweden
- B. P. L. Wijnhoven, Rotterdam, The Netherlands
- D. C. Winter, Dublin, Ireland

**Associate Editor**
- R. J. Hinchliffe, London, UK

**Statistical Consultants**
- J. A. Cook, Oxford, UK
- J. Ranstam, Lund, Sweden

**Council**

**Chairman**
- O. J. Garden, Edinburgh, UK

**Vice-Chairmen**
- A. Bergenfelz, Lund, Sweden
- S. Post, Mannheim, Germany
- D. Baker, London, UK
- S. Breitenstein, Zurich, Switzerland
- A. H. Davies, London, UK (Society of Academic & Research Surgery)
- N. Demartines, Lausanne, Switzerland
- J. De Oca, Barcelona, Spain
- O. Farges, Paris, France
- M. Besselink, The Netherlands
- S. Biondo, Spain
- M. Björck, Sweden
- J. M. Blazeby, UK
- J. Brockmann, Switzerland
- K. Brohi, UK
- D. Candinas, Switzerland
- T. Carrel, Switzerland
- D. Cherqui, France
- S. Connor, New Zealand
- A. de Beaux, UK
- S. di Saverio, Italy
- D. Doll, Germany
- H. Dralle, Germany

**Treasurer**
- M. G. Wyatt, Newcastle upon Tyne, UK

**Company Secretary**
- P. R. O’Connell, Dublin, Ireland

While every effort is made by the Editorial Team, members of the Council and the publishers to avoid inaccurate or misleading information appearing in *BJS*, data within the individual articles and advertisements are the responsibility of the authors or advertisers concerned. The *BJS* Society, the publishers and members of the Editorial Team and Council accept no liability whatsoever for the consequences of any such inaccurate or misleading data, opinion or statement. In addition, the acceptance of an advertisement to appear in *BJS* does not constitute a guarantee or endorsement by the *BJS* Society or the publisher of the quality or value of the advertised products or services or of the claims made for them by their advertisers.
BJS

Volume 103, Issue 8, July 2016

Leading article
939
Reconsidering the endovenous revolution
O. Nelzén
Not as cost-effective as you might think

Systematic review
941
Systematic review of outcomes after distal pancreatectomy with coeliac axis resection for locally advanced pancreatic cancer
S. Klompmaker, T. de Rooij, J. J. Korteweg, S. van Dieren, K. P. van Lienden, T. M. van Gulik, O. R. Busch and M. G. Besselink
Technically feasible in selected patients

Review
950
Lipotransfer for radiation-induced skin fibrosis
R. Kumar, M. Griffin, G. Adigbli, N. Kalavrezos and P. E. M. Butler
Potential treatment for radiation-induced fibrosis

Randomized clinical trial
962
Randomized clinical trial of postoperative chewing gum versus standard care after colorectal resection
No advantage observed

Original articles
971
Mortality of emergency abdominal surgery in high-, middle- and low-income countries
GlobalSurg Collaborative
Higher in low-income countries

989
Comparison of outcomes after endovascular and open repair of abdominal aortic aneurysms in low-risk patients
 Few perioperative complications with EVAR but other outcomes similar

995
Quality of life from a randomized trial of open and endovascular repair for abdominal aortic aneurysm
J. L. de Bruin, R. H. H. Groenwold, A. F. Baas, J. R. Brownrigg, M. Prinssen, D. E. Grobbbee and J. D. Blankensteijn, for the DREAM Study Group
Long-term quality of life better following open repair
Design of new patient-reported outcome measures to assess quality of life, symptoms and treatment satisfaction in patients with abdominal aortic aneurysm
G. Peach, J. Romaine, A. Wilson, P. J. E. Holt, M. M. Thompson, R. J. Hinchliffe and C. Bradley
A new PROMS

Quality of life, symptoms and treatment satisfaction in patients with aortic aneurysm using new abdominal aortic aneurysm-specific patient-reported outcome measures
G. Peach, J. Romaine, P. J. E. Holt, M. M. Thompson, C. Bradley and R. J. Hinchliffe
Shows promise

Risk factors for recurrence in patients with papillary thyroid carcinoma undergoing modified radical neck dissection
Y. M. Lee, T. Y. Sung, W. B. Kim, K. W. Chung, J. H. Yoon and S. J. Hong
Metastatic lymph node-related factors were of importance

Videoscopic ilioinguinal lymphadenectomy for groin lymph node metastases from melanoma
A. Sommariva, S. Pasquali, C. Cona, A. A. Ciccarese, L. Saadeh, L. G. Campana, M. Meroni and C. R. Rossi
More support for videoscopic surgery

Management and outcomes of anastomotic leaks after oesophagectomy
B. Dent, S. M. Griffin, R. Jones, S. Wahed, A. Immanuel and N. Hayes
No need for stenting

Prediction of survival in patients with oesophageal or junctional cancer receiving neoadjuvant chemoradiotherapy and surgery
Better predictor still needed

Statistical nugget
Statistical models: an overview
J. Ranstam and J. A. Cook

Single-stage resection and microwave ablation for bilobar colorectal liver metastases
Attractive strategy

Outcomes after resection and/or radiofrequency ablation for recurrence after treatment of colorectal liver metastases
Ablation useful for recurrence

Multicentre observational study of outcomes after drainage of acute perianal abscess
L. Pearce, K. Newton, S. R. Smith, P. Barrow, J. Smith, L. Hancock, C. C. Kirwan and J. Hill, on behalf of the North West Research Collaborative
Painful and expensive
Multicentre study of short-course radiotherapy and transanal endoscopic microsurgery for early rectal cancer
A very attractive option

Outcomes following laparoscopic rectal cancer resection by supervised trainees
A. C. Currie, I. White, G. Malietzis, M. Moorghen, J. T. Jenkins and R. H. Kennedy
Supports one-on-one training

Scientific surgery
